- **Tools & Technologies:** VS Code, Postman, Firebase, SAP Commerce Cloud, Jira
- **Soft Skills:** Communication, Team Collaboration, Quick Learner

Projects

Recipe Sharing Platform  | [CookBook](#) | React, Express.js, MongoDB, Web Speech API, Gemini API, GitHub, Vercel

- Built a full-stack recipe platform with advanced search, multi-level filtering, and voice-based recipe search.
- Implemented secure authentication using JWT and bcrypt, enabling user login, recipe creation, and wishlist management.
- Integrated AI-powered recipe summaries and implemented features such as timer and print-friendly recipe views.

Task Manager  | [Taskger](#) | React, Express.js, MongoDB, GitHub, Vercel

- Developed a full-stack Task Manager application using React, Node.js, Express, and MongoDB.
- Implemented user authentication and CRUD operations to manage tasks efficiently.

Experience

Capgemini Technology Services India Limited

April 2022 – May 2024

Analyst/ Software Engineer - SAP Commerce Cloud developer/ support

Chennai, India

- Contributed to customization of an e-commerce platform as a shadow resource.
- Provided technical support for SAP Commerce Cloud (Hybris) applications for client Dentsply Sirona, ensuring high availability through proactive monitoring and issue resolution in a 24×7 environment.
- Managed data using Backoffice (HMC), executed FlexibleSearch queries and Impex scripts for data import/export, and collaborated with development and QA teams to investigate and resolve critical issues.
- Documented troubleshooting steps and solutions in a knowledge base, and conducted training sessions to support onboarding of new team members.

Education

Government Engineering College Thrissur (CGPA: 8.04)

August 2017 – July 2021

Bachelor of Technology in Electrical and Electronics Engineering

Thrissur, Kerala
